

ACHIEVE PROCURE-TO-PAY PEACE OF MIND ...RIGHT NOW

PROTECT CASH AND REDUCE COSTS BY PROACTIVELY CHECKING TRANSACTIONS BEFORE PAYMENTS HAPPEN

FISCAL Technologies' SaaS-based NXG Forensics solution works behind the scenes with your existing ERP and AP systems—continuously finding any exceptions in supplier and transaction data. We see what your audit firm can't, and give you the real-time visibility and risk intelligence you need to protect your spend.

"FISCAL's software is a great tool to make sure payments are correct. This ensures our working capital is protected for better use, recovery costs are avoided and the audit exercise is simplified."
