THE POWER — OF — COLLABORATION

The Coalition offers private nonprofit colleges opportunities to save money, streamline operations and improve processes through programs designed specifically to meet your needs. These cost-saving and transformative programs have been aggressively negotiated on your behalf and are available to your college/university because they are a member of your state's private college association.

There are pages on the [Coalition website](#) for each Coalition program that provide details and contact information.

We hope you'll take some time to learn more about each Coalition program, many of which offer savings and benefits unavailable elsewhere, and join the hundreds of other private colleges and universities across the nation, along with their employees and students, that benefit from these programs.

Visit the [Coalition website](#), [YouTube Channel](#), [contact us](#), or speak with your state association to learn more.

What is a campus climate survey? How can survey data be used to enact meaningful change on my campus? Does my institution need to comply with any survey requirements?

Have all your campus climate survey questions answered during a free webinar hosted by Grand River Solutions! Join us on Thursday, February 23 at 12:00 P.M. PST/3:00 p.m. EST for an exclusive webinar for Coalition members to learn more about campus climate surveys and our comprehensive survey offering.

Grand River Solutions’ climate surveys were developed by our team of equity experts and data analysts who understand that institutions want to do the work of climate surveys but may not always have the bandwidth or resources to do so. During this webinar, learn about our purposefully curated questions and topic areas. Hear about our optimized pricing for CCCS member institutions, allowing for the most impact and value at the best price. See how we can help drive change together.
