

# Launch an ePayments program in 10 days or less

Through a simple process change, Paymerang is automating the AP disbursement and reconciliation process for invoice, employee expense, and student refund options. By using Paymerang, institutions gain efficiency, reduce payment fraud risk, improve money movement compliance and see better P&L through cost savings and new revenue via cash back rebates.

We process billions in payments annually for clients around the country in education, healthcare, media, manufacturing, services and beyond. Our payment network spans 600,000+ suppliers from coast to coast, with 75% receiving electronic payments over traditional checks.

paymerang is  
**simple**

Paying suppliers has never been easier. We'll take care of enrolling your vendors, processing all payments and handling reconciliation and follow-up.

paymerang is  
**secure**

We go the extra mile to protect your payments—enrolling your suppliers online, encrypting their bank account information and storing it on your behalf.

paymerang is  
**profitable**

Our virtual cards offer cash-back rewards that are paid quarterly and cover transaction fees, meaning there's never any out-of-pocket expense for you.

# how it works

## you **upload**

When it is time to pay your vendors, all you do is upload your check file.

## you **fund**

You can review your batch to make sure it's correct, and fund all your payments with the touch of a button.

## we **remit**

Using innovative payment decisioning technology, we remit payment and remittance details to your vendors via email, fax, telephone or online.

## we **reconcile**

We reconcile all your payments. Canceled or refused payments are promptly refunded back to you.

## we **pay cash rewards**

Every quarter we issue an ACH credit to your account, and provide a detailed statement showing rebates, transactions, and dollars processed.

# what you get

## greater **efficiency**

through reconciliation of all payments made through our network

## greater **security**

through encrypted account data and two levels of authentication

## greater **speed**

through quick set up and an easy-to-use interface

## greater **support**

through a dedicated team of payment specialists

Want to see your payments turn a profit?
