COALITION
FOR COLLEGE COST SAVINGS

Request a 2022-2023 Coalition Consortium Student Health Insurance Proposal

If you are thinking about comparing student health insurance plans or are interested in offering a plan for the first time, take a look at the Consortium plan for your state, as well as the advantages and benefits offered exclusively for member schools.

The Coalition Consortium UnitedHealthcare Student Resources Student Health Insurance plans are flexible solutions that provide students with the medical and behavioral health coverage they need throughout their education, on campus or on the road.

The Coalition Consortium provides state-by-state underwriting at the member consortium level to ensure schools and students get the same stability and excellent rates as the biggest schools in the country. As state associations grow, risk is spread across larger student populations, further enhancing the efficiency of the plan.

Students have access to licensed medical professionals 24/7 through the HealthiestYou telehealth service and can speak with licensed behavioral health specialists without stepping foot out the door. There are NO fees for UHCSR members.

To receive a proposal, contact Al Marinucci at amarinucci@firstriskadvisors.com or at 267.880.2300.
