PARTNER SPOTLIGHT

Sustainable Solutions:

Addressing Deferred Maintenance on Your Campus
Thursday, October 24 | 2:00 - 2:30 PM ET

Join us for a webinar hosted by First American Education Finance and Ecosystem Energy Services. Industry experts will demonstrate how to approach deferred maintenance through a sustainability lens in order to optimize budgets, reduce operational expenses, and support long-term campus goals.

Learn from real-world case studies and gain actionable insights into aligning sustainability with essential maintenance projects—ensuring your institution can do more with less while building a more sustainable future.

*This event is part of the Coalition of College Cost Savings Webinar Series:
For the Budget Hero – Maximizing Impact While Minimizing Expenses.*

In Other News...

This rate drop directly reduces financing costs and allows schools to secure favorable terms and drive growth within their institutions.

You can turn recent asset purchases into capital while spreading out costs. For example, a \$1MM asset spread over 60 months could mean monthly payments as low as \$15,740 with a 21.7% balloon payment, or \$19,120 with a \$1 Buyout at lease-end—which can help you manage expenses and free up cash.

Don't miss out on this opportunity for your institution! Learn more about the different types of projects First American can help with: faef.com/education.

How to Leverage Lower Market Rates

Market interest rates have declined significantly since July, making it a great time to invest in new equipment, technology, or software – see the supporting graphic below:

Visa/Mastercard Update: Filing Deadline Extended to February 4, 2025

The Visa/Mastercard Class Action Settlement claim filing deadline has been extended to February 4, 2025. You still have time to take advantage of the potential to recover money for your organization! [Click here to visit MCAG's website](#) for Coalition members.
