

Remodel Health Options

Powerful individual solutions for employers and employees!

Built on a decade of proven health benefits strategy, our options harness the powers of individual solutions and combine them with the total financial control available through our exclusive Health Reimbursement Arrangements (HRAs). Together, this powerful combination allows employers to lower costs while increasing coverage for employees.

This is a brief description of options and/or services available through Remodel Health. Remodel Health is a software company and does not provide insurance of any kind. This document does not provide coverage of any kind, nor does it modify the terms of any policy, certificate or contract. BlueCross BlueShield, Cigna and United Healthcare are Individual Health Insurance products on the Remodel Health Platform. Not all products or services are available in all states. All coverages are subject to conditions, coverage limits, limitations, and exclusions in the policy, certificate or contract. For exact details of any products or services, please refer to actual policy, certificate and/or contract. Remodel Health does not process claims and cannot give advice about whether any claim is or is not payable. Coverage for actual claims will be determined by the entity providing coverage and will be based on applicable policy, certificate or contract. Remodel Health is a licensed business entity insurance producer (insurance agency). See the Privacy section of our website for more details.
