E&I Cooperative Services Membership Benefits

Sourcing. Strategy. Savings.®

Extensive Contract Portfolio

Take advantage of significant savings available through our contract portfolio of more than 125 best-in-class suppliers. Our suppliers are most committed to meeting your specialized needs and delivery requirements.

RFP Program

We've tapped the expertise of many of the best procurement experts in the country to develop our contracts. And because we take care of the entire contracting process – including research, RFP development and contract management – your staff is free to focus on other things. Our member-driven competitive solicitation process has been validated by the National Institute of Governmental Planning (NIGP).

Local Service & Support

A field-based team of Member Relations Representatives located throughout the United States provides you with localized attention and support. We also align ourselves with business partners who specialize in providing outstanding local coverage.

Patronage, Rebates & Incentives

Many of our members receive patronage rewards based upon contract usage, meaning you benefit from E&I's financial success. You can also take advantage of exclusive rebate and incentive programs available through our suppliers, which can provide valuable revenue generating opportunities for your department.

Strategic Services

We help you strategically optimize your procurement organization and drive value across your entire supply chain through a range of integrated services such as: organization assessment and transformation, spend and ROI analytics, technology and process evaluations, and more.

Membership is Free!

It's easy to become an E&I member and it doesn't cost a thing. There are two types of membership available, and no reason why you shouldn't join today.

For more information, visit us at www.eandi.org. You can also contact E&I's Membership Department at membership@eandi.org.

Business Partners

Sourcing. Strategy. Savings.®
