

UnitedHealthcare StudentResources:

Dedicated to Serving Schools and Their Students

Better innovation

On-line tools help schools manage their student insurance programs and increase staff productivity while doing so.

Good health is essential to your students' academic success. Reliable insurance may help protect your students from loss that may result from an accident or illness. To protect against this prospect, The Coalition has worked with UnitedHealthcare **StudentResources** to develop a Student Injury and Sickness insurance plan that provides coverage options and dedicated service for your students.

Better decisions

are possible because we can give all plan participants the information they need to make informed choices.

UnitedHealthcare **StudentResources** serves hundreds of colleges and universities each year. We understand the challenge that schools face in offering a reliable student insurance plan that meets their students' needs. We also understand that the front lines of student insurance can be difficult without appropriate support.

Better Innovation:

- **Our on-line tools may help you manage your student insurance plan.** With full training and ongoing support available, these tools also reduce claims complexity, reimbursement wait times and allow your Student Health Center staff be more responsive to your students' needs.

Better health

is our shared goal: To help students stay healthy and stay in school.

Better Decisions:

- **Communications and marketing materials** are provided for enrollment periods.
- **Full service and support** by the account management team. Regardless of your issue, one call from your administrators to this team ensures rapid resolution of any issue.
- **Underwriting on a state level**, maximizing premium cost containment.

Next steps

If you would like a quote for your school, contact a member of the account management team:

Products and Systems Designed with Students in Mind:

- Coverage at school and at home with access to UnitedHealthcare's nationwide network, providing access for 98% of the U.S. population.*
- We **add value** to every policy with:
 - ✓ Global Emergency Services: Worldwide emergency medical assistance when students are traveling 100 miles or more from home or campus.
 - ✓ Healthiest You - Teledoc: Students have 24/7/365 access to board-certified physicians via phone and/or video chat.
 - ✓ UnitedHealth Allies Discount Program: Stretching your students' health care dollars with 5% to 50% discounts on a variety of health and wellness products including dental and vision care. The UnitedHealth Allies Program is not insurance and is offered by UnitedHealth Allies, a UnitedHealth Group Company.
 - ✓ Telehealth Behavioral: 24/7/365 assistance for help with anxiety, eating disorders, depression and other mental health issues.
- Our Customer Service and Claims units are dedicated to serving students and pride themselves on delivering outstanding service and support to both students and schools.
- MyAccount gives students access to their policy information, ID cards, provider search and value added benefit details.

* Mid-Year 2008 Nationally Recognized Third Party Benchmarking Data.
